Parent-Teacher Conferences - February 9th 3:30-6:30

T-CAP

T-CAP tests are scheduled for April 6-9. Please make sure that your children are not late for school during this week. Testing will begin promptly at 8:15. Your child will need to be here at 7:55 to get settled and prepared for testing. Being late will only frustrate your child because they will be playing "catch up" with pencil sharpening, restroom breaks, and settling down. Eating healthy meals during this week will aid in their ability to focus also.

The 3rd six weeks always brings excitement to school. Winter has brought us much cold weather and a little snow. Snow days are always fun for students, and they enjoy the day off from school. However, being present is very important when school is in session.

T-CAP tests are only a few weeks away. April 6 - 9 is when T-CAPS will be given in Sevier County. These are very important days for your children. Please make sure that your children are present on these

days. Also, it is imperative that your children arrive to school on time. *See the left hand side bar for more details.* Please talk to your child about doing their very best on the test. We do not want this to be a stressful time for the children, but it is important that they do their very best.

Cookie Dough

We will be selling cookie dough again this year. We are going to use **Classic Cookie** this year. Sales will begin February 19 and end on March 2. Please be looking for these forms on February 19. More than cookie dough will be offered in this sale. Cookie dough sales last year were great. You did a fantastic job. A Promethean Board and computers were purchased with the proceeds from the sale. This year's proceeds will be spent on

more of the same types of technology. Thank you so much.
